

Annual Winter Health Scheme

Comprehensive MOT Health Check on your Older Horse (12 yrs +) at an affordable price.

**Available annually at our Equine Centre, Hoylandswaine
or as a visit (extra charge for the visit)**

A complete annual health check is important in the older horse.

The Churchfield Annual Health Check includes:

o Full clinical examination of eyes, heart and lungs; limbs at rest, walk and trot, and general body score. These would enable us to detect any abnormalities that would otherwise go unnoticed.

o Dental Examination and Standard Rasp (including sedation if necessary at a reduced cost).

o Blood Sample Screening includes haematology and biochemistry to identify general health problems such as anaemia, loss of organ function, etc.

o Faecal Worm Egg Count and discuss worming regimes.

Please note that you may bring your vaccination dates forward to this November – March period, so that we can combine the Annual Health Check with your horse's vaccination. This will help you to remember to have both done at the same time. It is important not to let vaccinations lapse beyond their due date.

The cost of vaccinations are not included in this Annual Health Check but will be reduced by 10% under this Scheme.

Blood testing for Cushings Disease can be undertaken at the same time again, with a 10% reduction in the cost of the laboratory fee.

Horses of all ages can be included in the scheme, and while we are particularly targeting 'the older horse', we recognise that all horses need checking over from time to time, especially if they are not performing to their ability. We can also visit your horse under this scheme, although the visit fee would be an extra. More involved dental work, lameness work-ups, stud work and other tests and treatments would also be priced as extras under the scheme, and may have to be done at a later date.

Now Only £95 + Vat

Booked individually, this package would cost approx. £160 +Vat

Available 1st Nov 2019 to 31st March 2020

Available as a Gift Voucher

Please telephone 01226 763542 to make an appointment.
